Thank you for choosing Pure Acoustics. We hope you enjoy each and every use of this product. We suggest that you read this user manual carefully before primary use in order to utilize all of the features in functions installed. Please store it in a safe place for future reference and pass it on to the next owner.

### **Caution & Safety Guide:**

Please power off the unit when not in use. If the unit will not be in use for extended periods it is suggested that you disconnect the unit from its power source.

To prevent damage to the unit do not install in areas of extreme heat or in areas with direct exposure to sunlight.

Don't install the unit in or near a place where it may come in contact with rain, moisture or other liquids.

Install the unit on a horizontal, flat and firm surface with good ventilation. Never block the speaker, blocking these vents may cause damage to the speaker as a result of overheating.

To clean the unit, simply wipe it down using a dry, soft cloth. The unit should never be cleaned chemicals or detergent.

In the rear occurrence of malfunction do not attempt to repair the unit on your own. Contact a certified service professional for a proper diagnosis and repair.

Caution: Dismantling the unit on your own is dangerous and may cause damage to your person or property and will void the warranty.

The lightning flash is intended to alert the user to the presence of dangerous voltage within the product's enclosure and touching the internal components may result in electric shock to your person.

The exclamatory mark is intended to alert the user to the presence of important operating instructions.

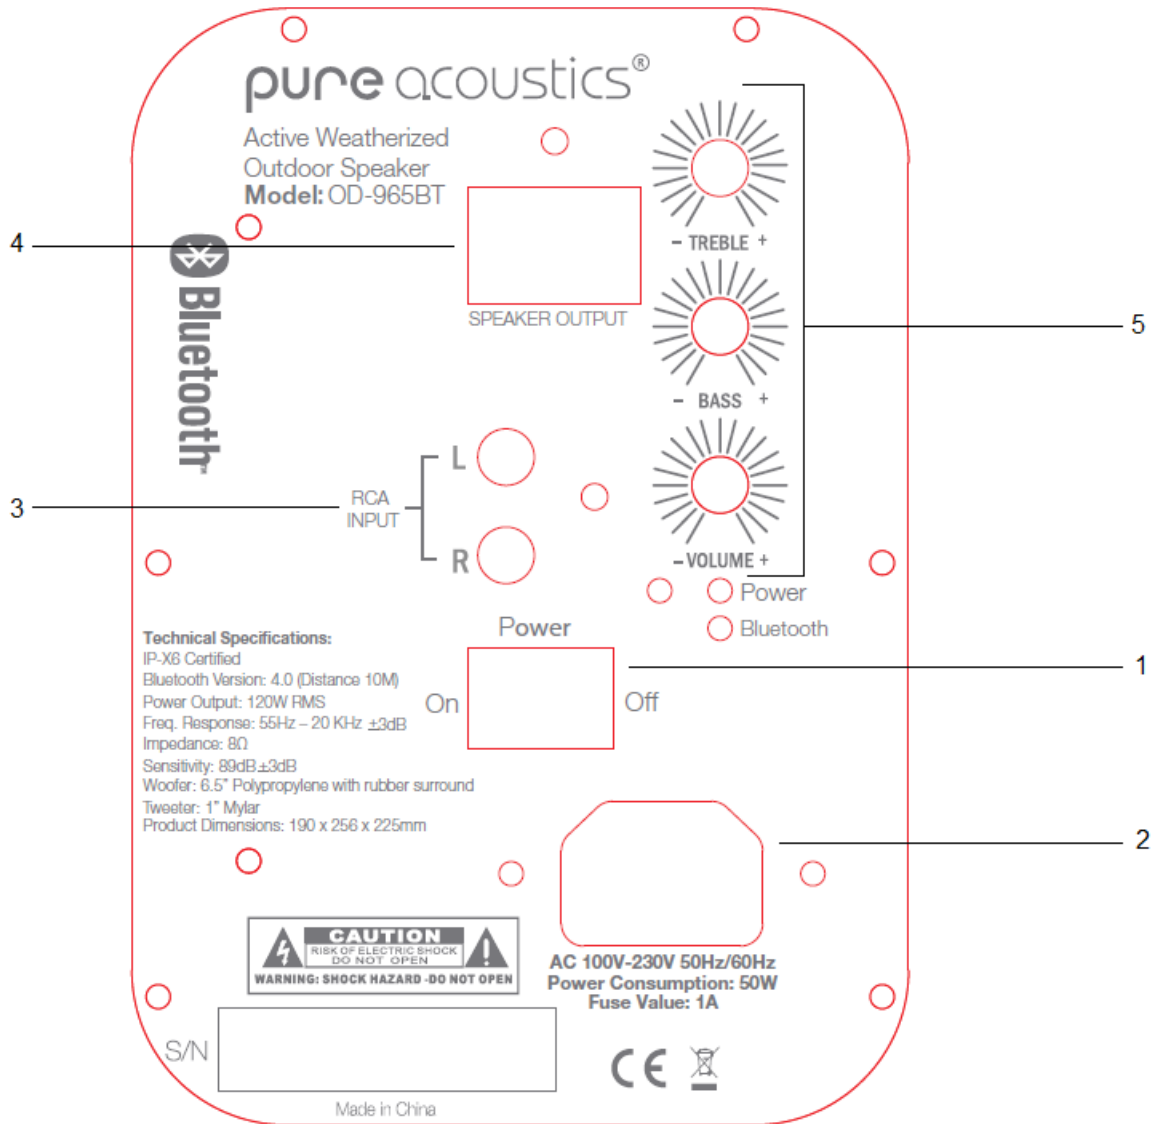

To reduce the risk of electric shock or fire, do not remove the cabinet cover simply contact a service professional.
